

“With Blackboard Connect, we know our residents are receiving the information that matters most to them, whether it’s an urgent situation or routine community update,” said Fire Chief Richard Small. “I strongly encourage residents to register their contact information and update their message preferences into the system’s secure database so they are prepared to receive important notifications.”

Publicly available primary residential and business phones in Chester will automatically be included in the system. However, to ensure the Chester has the most up-to-date contact information, including cell phone numbers and email addresses, residents should visit the Chester website -

<http://townofchester.net/>

Click on the link that says “SIGN UP FOR ALERTS,” and provide their complete contact information. Users should also manage their message preferences by indicating their preferred mode of contact, language and message topics. Those without Internet access are encouraged to call 413-354-7822 to provide their current information. Residents with call blocking services should add 413-354-7822 to their approved number list to ensure they receive important notifications from the city.
