All Board members agreed and instructed Pease to move forward.

Carlino explained that Borden would return the following Monday to prepare warrants. Discussion followed regarding computer issues and IT solutions. It was determined that a new computer should be purchased to replace the accountant computer. Additional discussion regarding the advertising of the accountant (and other) position(s) in multiple venues as well as job descriptions. Carlino noted that she “planned on getting them out there” but wanted the Board’s direction due to recent discussion of shared services.

Chairman Baldasaro asked Superintendent Murray for a Highway Department update, Murray noted the Department was currently working on adding materials, grading and rolling roads as well as mowing. The Chairman asked what Chapter 90 projects Murray was considering. Murray stated his plan for additional asphalt on Johnson Hill. Additional discussion followed regarding Chapter 90 projects, Highway Department to calculate project cost for line painting. VIII. **Discussion of Highway Department/Town Administrator Administrative Assistant position.** Vice-Chairman Huntoon noted that the position had “evolved”. After discussion, the BOS determined that they did not want Administrative Assistant McClafin present to take minutes on Monday nights, that Town Administrator Carlino should be present and further that the Selectmen’s office should be open five (5) days a week. Huntoon also question Superintendent Murray as to the mowing done by Donald Gauthier, Murray stated that Gauthier would now be reporting to him at the Highway garage. He also noted that in addition to the Emery Street ball field, Gauthier was responsible for mowing and weed whacking all Town cemeteries, the empty lots owned by the Town on Middlefield Street as well as the "old" elementary school lawn as agreed upon by lease with William Ivey Long. Murray noted that he would utilize summer help to assist Gauthier.

X. Citizen Comments:

- John Foley referenced recent power outage and noted line charges on CMELD electric bills, Chairman Baldasaro suggested Foley attend a CMELD commissioner meeting to voice his concerns. Foley also informed the BOS that the tree that was to be donated would not be suitable.
- Bob Daley asked the Tax Collector if there would be an indemnification related to the "tax forgiveness". Chairman Baldasaro noted that the Town needed to correct the issue as soon as possible and that the DOR should be contacted to clarify the process. Daley asked if a "transfer station permit viewer" had been hired. Vice-Chairman Huntoon stated that the transfer station attendant Peter Stroganow felt he would be able to "handle it" by himself. Clerk Senecal noted that Peter had questioned if the Board had agreed upon the fee schedule he (Stroganow) had submitted. The BOS noted they had no issue with any of the fees. Senecal also shared that Carl ?? has volunteered his time assisting in sorting the recyclables, Vice-Chairman Huntoon motioned to provide Carl ?? with a transfer station permit, Clerk Senecal seconded, unanimous. Daley asked if the new Summer Market's first date had been successful, Baldasaro noted that Johnson had reported 14 customers. He also offered that being Father's Day weekend may have influenced turn out.

- Jason Forgue asked for more specific information on the purchase of the new accountant computer. Carlino note that our IT vendor would be asked for recommendations for new equipment. Forgue also noted that he had moved the final (baseball) games to Pettis Field in Huntington due to his concern that the ball lot on Emery Street would not be mowed properly. He also asked for permission to demolish the old shed at the ball field, the BOS offered no objection. Forgue also noted that the Recreation Committee wanted to make the “old elementary school” playground “somewhat usable for the summer”. Forgue also reiterated his opinion that the Highway Department/Town Administrator Administrative Assistant position “is a waste”, that a non-benefited position would cost the Town less. He also questioned when the Board would talk to applicants applying for reappointment or appointment. Discussion followed regarding advertising of positions. Chairman Baldasaro noted that appointments were “at the will” of the BOS and that appointments run until reappointed or replaced. Forgue questioned if the Town had passed the warrant item at the annual Town meeting to change elected positions to appointed, Vice-Chairman Huntoon noted that the item always passes on Town meeting floor but is never passed on the election ballot.

There being no further discussion Chairman Baldasaro adjourned the meeting at 8:17 p.m.
