Katherine Warden Employment Agreement:

Pat had forwarded an existing employment agreement to Barbara for a starting point. It was the one used for the Town Administrator's position before her. Pat does not have an agreement in place with the Board.

It was pretty standard, except for a few changes regarding hours and pay, vacation time credited upon hiring, and length of contract. Pat will make changes, send out to Katherine for signature and then she can bring it back next time she is here. Katherine indicated she would begin attending the BOS meetings on a weekly basis to learn about her new position.

The report contains various long and short term recommendations that can be made by the town, for each segment. Sarah Baker also distributed a pamphlet entitled CHESTER WALKS, which outlines various walking routes within town, and the benefits of walking. Patty Gamberini displayed a map of the routes, and the reasons they chose for them. The next step is to obtain help and support from various agencies, such as Mass DOT, to further expand on these activities, as well as apply for grants that might be available. The group will keep the Board informed as to their efforts. The Board thanked them for their efforts to date and will look over the report.

Town Administrator

Pat informed the Board that the office will be closed Wednesday, Oct. 17th, due to a conference she is attending.

Pat informed the Board that the town had received an offer from Fish and Game for the approximately 55 acres of Slocum Property on Skyline Trail. John B. did not feel that the "appraisal" done by Fish and Game was certain enough to sell. How did they come up with this acreage? The Assessors have the property at 26 acres. His concern is that we might be selling property that doesn't really belong to the town. Pat to check further and report back.

Lane Construction Bills : The board instructed Pat to hold up on payment of the bills until the job is completed and we know how much chapter 90 monies we are going to have to use.

Barbara stated she had researched some of the towns around us to see what their BOH fees were in comparison to Chester, and feels ours are out of whack. She then read some of the

other towns fees. She stated she had tried to call Norma regarding an issue at the Train Station, but had not heard back. She also had left her cell phone and home phone numbers but had not heard back. Rene stated that he had to have an inspection done at his home and there was an issue with the inspector not coming as scheduled. Now resolved. Barbara also said she had checked with Charlie Hunter about his license, but he does not have one at this time.

Barbara asked Pat if she had advertised for the transfer station attendant for the recyclables. Pat stated no, but would make sure that got in this week. 7 hrs. week times 52 weeks at 12.00 per hour.

Citizens comments:

Tom Beck: Asked the question regarding a tie vote if only two Selectmen on the Board. Barbara answered that the Town clerk then makes the third vote, after being informed of the question.

There being no other business before the board Rene moved to adjourn, John seconded. Unanimous. Adjourned at 8:15 p.m.

Respectfully submitted,

Patricia Carlino
