Come see what the excitement is all about at Camp Moses, did you know the camp is open to the public one Saturday, every month? Did you know there is a rock wall, mountain bikes, axe throwing, mountaineering and way more than just hiking? This place is awesome! Karen and I went for a tour and we have decided to offer an outdoor adventure day here! There will be hiking to cellar holes, learn about scat, hilltown history and more!

This is a family friendly event!
