New Business

-Review of request by CMELD to use the transfer station including the expenses of demo and rubbish, additional labor hours and vote. CMELD has removed their dumpster for CMELD trash, they have asked to use the Town of Chester transfer station. Discussion of cost and also when CMELD previously used the transfer station they used it during off hours and placed non eligible items there, previously the board voted to not allow CMELD to use the TS for that reason. Per DEP no one is to enter the TS when it is not open. CMELD asked if The Town of Chester could provide additional attendant hours to man the station so that they could use it. This would be at the tax payer's cost. All board members agreed that if CMELD were to use the TS it would be during regular business hours and CMELD would be responsible for the cost of the rubbish and demo. NC Motion, all in favor. DP asked to revote that CMELD would not be able to use the TS until an agreement including cost could be made, NC motion, all approved.

Old Business CMRK update, delivery of textile recycling box will be the end of June, they could not get under the bridge, EM has put all info for textile recycling on the town website. New universal waste shed is up and running, grant papers for RDP are turned in.
