OLD BUSINESS :

Marge Laurie is back in attendance with the advisory board

Lock boxes are available contact Keirsen Broman

Terry Donovan and Jane Sutton met with Don Humason to discuss the proposal from the Cornerstone Church. The COA needs a budget for the operating costs separate from COA budget. There are questions on how to fund this. There is a question of the septic system being shared with another property. Research to see about grant money to make upgrades to church and make a plan for church needs. The Chester Police department has expressed a need for more space. The transfer from the church to the town would have to be voted on.

How is the progress going for new COA members ? It was suggested that we invite other COA members from surrounding towns to come to Chester to see our operations and possibly give Chester feedback and suggestions.

People have asked for meals five days a week. Motion to have meals five days a week and frozen meals for the weekend starting in June. Motion voted yes.

To have articles in the Country Journal for May we need to have the information sent by April 22nd.

We are looking for either the Vocational school. Gateway or a private citizen to make the COA a sign that could be used to advertise upcoming events.

New Business:

COA budget Keirsen met with the finance committee Saturday March 2, 2024

There will be eight more weeks of yoga with Rene Boylan February 28th to April 24th

Lengthly discussion of the COA van. Who owns it the town or the COA ? We need to find the title. And find the best place to scrap the van as it is beyond repair.

Meeting adjourned 1:45 p.m.

Next meeting April 1, 2024 12:30 p.m.

Minutes approved date

4/8/24
