Addendum to 9/9/2024 BOS Meeting Minutes:

Good morning,

I have a few corrections that need to be addressed on the minutes from the 9/9 meeting – They are both under the Town Meeting Update – CMELD – The second paragraph states, “Diane got a draft of the CMELD audit from Eversource”...This is incorrect as the audit wasn’t done by Eversource....and, just to clarify (again), this audit was NOT done FOR Eversource’s benefit – it was done because the TOC was being audited and we felt that we needed a separate audit done to make sure that our information was accurate. I have checked the CMELD records and there is no record of any audits just for the Electric Dept. While CMELD has been audited along with the Town, because of the difference in accounting software, we felt this needed to be done.

The second correction was our issue with Adam Bryant contacting MMWEC (a power vendor/source for CMELD) and identifying himself as the Chester Town Moderator (copy of MMWEC email attached)/

The line that says “John said that he agrees he hasn’t represented himself as the Town Moderator” is incorrect based on that attached email.

I am requesting this email be considered an addendum and be attached to the “approved” minutes.

Thank you.
