Minutes from Water Commission meeting of October 1st, 2025

The zoom meeting opened at 10:00 am for the Water Commission with Robert Daley, Tobias Carter, Lora Wade and James Zimmerman in attendance. We spoke about current timber prices and were surprised to only have one bid for the harvest. We took a vote and accepted the bid, all members in agreement. We requested payments be made to the Chester Water Department c/o the Chairman. T. Carter had to leave the meeting at 10:30am for another event and we continued. We discussed the events at Horn Pond to install a 6" manifold to try to increase flow to the water plant. We discovered there is a hole in the cast iron pipe that leads to the screening structure. We discussed the need to deal with some of the vegetation around the structure. We closed the meeting at 10:50 am.
