

Chester Water Commission
Town of Chester
15 Middlefield Road
Chester, MA 01011

Minutes for the Water Commission Meeting of April 27, 2026 at 8am at the corner of Main Street and Maple Street

Meeting started at 8AM with Bob Daley, Jim Zimmerman, Tom Bean, Tim Moriarty, Moe Boisseau & son and Jon Tibbits in attendance. We walked the area and discussed where we believed the water lines ran in the area. Tim showed drawings he did of the layout when he came to tap the connections. Jon Tibbits used location equipment and tried to determine where the lines actually ran. We discussed the location of a possible excavation and the need to have several valves available for installation should the need arise. The meeting ended about 9AM
